Ecclesiastical History of the English People Nov 24 2021 A handsome, large-format paperback edition set in elegant type with generous margins. The venerable Bede (AD 672-735) was not the first historian of the British Isles, but he was the first to list and master his documentary and oral sources. For a man who travelled little, he showed a great depth of understanding about the outside world, informing himself by commissioning others to copy documents in the Papal Regista and various episcopal and monastic archives.

The Taste of Apples Jan 15 2021 From the preeminent writer of Taiwanese nativist fiction and the leading translator of Chinese literature come these poignant accounts of everyday life in rural and small-town Taiwan. Huang is frequently cited as one of the most original and gifted storytellers in the Chinese language, and these selections reveal his genius. In "The Two Sign Painters," TV reporters ambush two young workers from the country taking a break atop a twenty-four-story building. "His Son's Big Doll" introduces the tortured soul inside a walking advertisement, and in "Xiaoqi's Cap" a dissatisfied pressure-cooker salesman is fascinated by a young schoolgirl. Huang's characters—generally the uneducated and disadvantaged who must cope with assaults on their traditionalism, hostility from their urban brethren and, of course, the debilitating effects of poverty—come to life in all their human uniqueness, free from idealization.

Ecclesiastical History of the English People Jul 21 2021 'With God's help, I, Bede ... have assembled these facts about the history of the Church in Britain ... from the traditions of our forebears, and from my own personal knowledge' Written in AD 731, Bede's Ecclesiastical History of the English People is the first account of Anglo-Saxon England ever written, and remains our single most valuable source for this period. It begins with Julius Caesar's invasion in the first century BC and goes on to tell of the kings and bishops, monks and nuns who helped to develop government and convert the people to Christianity during these crucial formative years. Relating the deeds of great men and women but also describing landscape, customs and ordinary lives, this is a rich, vivid portrait of an emerging church and nation by the 'Father of English History'. Leo Sherley-Price's translation from the Latin brings us an accurate and readable version of Bede's History. This edition includes Bede's Letter to Egbert, denouncing false monasteries; and The Death of Bede, an admirable eye-witness account by Cuthbert, monk and later Abbot of Jarrow, both translated by D. H. Farmer. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Albion's People Dec 26 2021 This second volume of John Rule's major two-volume portrait of Georgian England is a comprehensive and authoritative survey of eighteenth-century society, incorporating the exciting new research findings of recent years. It deals in turn with the upper class, 'middling sort' and lower orders; with popular education, religion and culture; with standards of living in town and country; and with crime, punishment and protest. The book, which is as rich and varied as the age it explores, ends with an assessment of continuity and change across the century.

Congo Oct 12 2020 From the beginnings of the slave trade through colonization, the struggle for independence, Mobutu's brutal three decades of rule, and the civil war that has raged from 1996 to the present day, Congo: The Epic History of a People traces the history of one of the most devastated nations in the world. Esteemed scholar David Van Reybrouck balances hundreds of interviews with a diverse range of Congolese with meticulous historical research to construct a multidimensional portrait of a nation and its people. Epic in scope yet eminently readable, both penetrating and deeply moving, Congo—a finalist for the Cundill Prize—takes a deeply humane approach to political history, focusing squarely on the Congolese perspective, and returns a nation's history to its people.

Delaney's People Jul 09 2020 "There are diamonds in the red clay of northeast Alabama. Delaney is one of them." When you meet Delaney Robinson, she is a two-year-old with a serious attachment to her wonderful great-grandmother, who guides her through life with the wisdom of a nonagenarian. Margaret's reminiscences, along with the rest you will read, tell the story of how this adorable little girl came to be. There is murder, mayhem, humor, romance—and a bit of heartbreak. The stories are about her parents, grandparents, distant ancestors, and family friends, from Delaney's Irish forebears and how they settled in Alabama to a chapter written entirely from the point of view of a Confederate battle sword hanging on her grandfather's wall. This novel contains the award-winning chapters "Jewels" and "In the Heat of the Moment." Praise for these stories: "A wonderful facility for invoking mood via description. Love your character's wry humor."—Author Joshilyn Jackson "In the Heat of the Moment holds the reader's attention with well-placed hooks. Droll and darkly comic."—Brian Lister, Biscuit Publishing

Ella Deloria's The Buffalo People Aug 22 2021 "The five narratives in this book, the third in Julian Rice's examination of the work of Ella Deloria, demonstrate Deloria's artistry in portraying the central values of Lakota (Sioux) culture. The introductory stories illustrate courage in three extraordinary women and Deloria's ability to subordinate her voice to that of different narrators. Another tale, "The Prairie Dogs," explains how the

warriors' and chiefs' societies, the strongest forces for social cohesion, came into being." "The longest story, "The Buffalo People," concerns the origin of tribal identity based on such ideal qualities as the strength and generosity of the buffalo and the resiliency and grace of the corn. Following the noted storyteller Makula (Breast or Left Heron), Deloria improvises upon the poetic conventions of oral performance, from simple asides to traditional set speeches of the Buffalo Woman ceremony. Blending careful observation with creative skill, these stories offer new and often surprising perspectives on Lakota culture. They will entertain and instruct any reader with an interest in Native American societies of the past and present."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Freedom, Glorious Freedom Nov 12 2020 In Freedom, Glorious Freedom, acclaimed author John J. McNeill shows how lesbian and gay Christians can achieve full spiritual maturity and self-acceptance. McNeill discusses freedom of conscience and discernment of spirits, ancient teachings of the Christian church that have a special urgency for lesbian and gay people who need to free themselves from all the homophobic authorities and deal with God on a direct and personal basis. The liberating process of coming out of the closet is seen as a spirit-filled effort to achieve the glory of God by becoming fully alive. McNeill offers a twelve-step spirituality as a spiritual process of liberation from all addictions in order to experience the love of God in its fullness. The epilogue expresses in detail a philosophical vision, looking both to the past and to the future, of how gay liberation fits into the Spirit-directed evolution of human history and its role in the ongoing struggle for human liberation. For more than thirty-five years, John J. McNeill, an ordained priest and psychotherapist, has been devoting his life to spreading the good news of God's love for lesbian and gay Christians.

Other People's English Jun 19 2021 This book presents an empirically grounded argument for a new approach of teaching writing to diverse students in the English language arts classroom. Responding to advocates of the "code-switching" approach, four uniquely qualified authors make the case for "code-meshing"—allowing students to use standard English, African American English, and other Englishes in formal academic writing and classroom discussions. This practical resource translates theory into a concrete roadmap for pre- and in-service teachers who wish to use code-meshing in the classroom to extend students' abilities as writers and thinkers and to foster inclusiveness and creativity. The text provides activities and examples from middle and high schools as well as college and addresses the question of how to advocate for code-meshing with sceptical administrators, parents, and students. Book Features: A rationale for the social and educational value of code-meshing, including answers to frequently asked questions about language variation. Authors from the fields of linguistics, writing studies, English education, and teacher education. Teaching tips that have been used with students and in professional development workshops. Action plans that invite readers to make code-meshing a shared project that informs instructional practices and addresses cultural prejudices.

Kalevala Sep 03 2022 'One of the great mythic poems of Europe' The New York Times Sharing its title with the poetic name for Finland - 'the land of heroes' - Kalevala is the soaring epic poem of its people, a work rich in magic and myth which tells the story of a nation through the ages from the dawn of creation. Sung by rural Finns since prehistoric times, and formally compiled by Elias Lönnrot in the nineteenth century, it is a landmark of Finnish culture and played a vital role in galvanizing its national identity in the decades leading to independence. Its themes, however, reach beyond borders and search the heart of human existence. Translated with an Introduction by Eino Friberg

The Old English Version of Bede's Ecclesiastical History of the English People Feb 02 2020

The History of the English People, 1000-1154 Apr 29 2022 'In the year of grace 1066, the Lord, the ruler, brought to fulfilment what He had long planned for the English people: He delivered them up to be destroyed by the violent and cunning Norman race.' Henry of Huntingdon's narrative covers one of the most exciting and bloody periods in English history: the Norman Conquest and its aftermath. He tells of the decline of the Old English kingdom, the victory of the Normans at the Battle of Hastings, and the establishment of Norman rule. His accounts of the kings who reigned during his lifetime - William I, Henry I, and Stephen - contain unique descriptions of people and events. Henry tells how promiscuity, greed, treachery, and cruelty produced a series of disasters, rebellions, and wars. Interwoven with memorable and vivid battle-scenes are anecdotes of court life, the death and murder of nobles, and the first written record of Cnut and the waves and the death of Henry I from a surfeit of lampreys. Diana Greenway's translation of her definitive Latin text has been revised for this edition.
