Serenata and Festa Teatrale in 18th Century Europe Jul 28 2019 This volume is dedicated to "Serenata and Festa Teatrale in 18th Century Europe", especially to the production of this music-dramatic genre at the courts on the Iberian Peninsula, in Italy, and the Holy Roman Empire where it was an integral part of court ceremonials and a privileged ritual of repraesentatio maiestatis. The 16 studies on patrons and artists, exceptional events and local traditions, reveal highly interesting material for the research on these up to now largely neglected genre. Any approach to these works full of metaphors, symbols and allusions has to take into account the context of the celebration and the resulting multiplicity of aspects: choice of themes, dramaturgical forms, textual and musical structures, vocal and instrumental ensembles, and the various options regarding the stage apparatus. "Serenata and Festa Teatrale in 18th Century Europe", edited by Iskrena Yordanova (Lisbon) and Paologiovanni Maione (Naples), inaugurates the series "Cadernos de Queluz", a subseries of "Specula Spectacula" by Don Juan Archiv Wien.

**Il recupero dei crediti internazionali** Jun 06 2020 Stipulare un contratto con una controparte estera può far sorgere dubbi e problemi più complessi ed articolati rispetto a quelli generati dai rapporti contrattuali con soggetti nazionali. Il contesto in cui si sviluppa una transazione con l'estero è, infatti, caratterizzato dalla diversità di sistemi giuridici, dalla diversità di norme, di consuetudini, di significato attribuito a termini di uso comune che suggeriscono un esame attento delle diverse clausole contrattuali per ricercare quelle più idonee. Le componenti valutarie, finanziarie, creditizie, logistiche e commerciali, gli usi e le consuetudini, la scelta dei termini di consegna delle merci, le forme di pagamento in uso nei singoli Paesi possono, infatti, incidere in misura rilevante nella determinazione della natura e del contenuto del rapporto contrattuale. Nel volume sono approfondite le normative che interessano l'operatore italiano impegnato nel recupero di somme di denaro all'estero. Si esaminano il quadro normativo in vigore nell'Unione Europea, le norme italiane di diritto internazionale privato e processuale nonché le principali disposizioni di diritto uniforme relative alla vendita di beni mobili previste dalla Convenzione di Vienna. Si analizzano poi le disposizioni in essere in alcuni principali Paesi del mondo, ossia gli USA, la Cina, il Brasile, l'India, la Turchia e la Russia.

**RETI MARITTIME COME FATTORI DELL'INTEGRAZIONE EUROPEA MARITIME NETWORKS AS A FACTOR IN**

**EUROPEAN INTEGRATION** Mar 04 2020 This wide-ranging theme takes Braudel's concept of the “Mediterranean” as its starting point. Braudel's vision of an enclosed sea as a geographical opportunity for economic integration between nations with different religions, languages and ethnicities and political bodies still functions as a model for studies on a wide range of contexts. The goal of the 50th Study Week was to go beyond the study of individual systems in isolation, and to combine instead different analysis of open and enclosed seas or coastal areas in order to understand the integration role played by maritime connections in Europe. Since in pre-industrial civilizations water transport was easier than land transport, the time has come to bring attention to the way these relationship networks operated both on a European level and

with Asian and North African trade partners. This volume starts from the great research traditions which have, however, rarely been integrated on a larger and continental scale, and analyses them on either a regional or thematic basis. Immanuel Wallerstein has developed Braudel's concept by conceptualising its intercultural and transnational dimensions and its role in the system of labour. He called it a "world system", not because it involves the whole world, but because it is larger than any legally defined political unit. And it is a "world economy" because the base link between the different parts of the system has an economic nature. The various regional research aspects and traditions have been linked together in a coherent approach which aims at evaluating: - What geographical, nautical, technical, economic, legal, social and cultural elements influenced the emergence of the various regional networks, and how these worked; - The nature and role of seaports as nodal points of sea routes and of their hinterland through rivers, canals and roads; - The commercial and personal ties between merchants and shipowners in various ports; - How regional networks connected with each other and how, over time, they ended up integrating into larger units; - How private networks, initially between merchant and seafarer organizations, ended up dealing with local authorities and, after their growth, with states and empires in order to protect their interests.

**Italia, Portogallo, Brasile: un incontro di storia, lingua e letteratura attraverso i secoli** Oct 03 2022 I contributi riuniti nel volume, presentati per la prima volta in occasione del I Convegno dell' AISPEB (Associazione di Studi Portoghesi e Brasiliani), tenutosi nel 2012 presso le sedi dell'Università di Roma "La Sapienza" e dell'Università di Roma Tre, offrono un panorama di temi, linguistici e letterari, legati sia al contesto portoghese che a quello brasiliano. I saggi d'argomento letterario rinnovano il contributo italiano allo studio della letteratura luso-brasiliana, rimanendo nel solco di una tradizione nazionale ricca di spunti, che ha visto arrivare proprio dall'Italia alcuni contributi storici, filologici ed ermeneutici tuttora indispensabili per comprendere l'opera dei maggiori autori di lingua portoghese. I saggi di argomento linguistico sintetizzano invece alcuni dei risultati prodotti dalle cattedre di lingua, di recente istituzione in Italia, privilegiando in particolar modo tematiche legate al binomio lingua-traduzione.

**On the Other Shore** May 30 2022 *On the Other Shore* explores the social history of Italian communities in South America and the transnational networks in which they were situated during and after World War I. From 1915 to 1921 Italy's conflict against Austria-Hungary and its aftermath shook Italian immigrants and their children in the metropolitan areas of Buenos Aires, Montevideo, and São Paulo. The war led portions of these communities to mobilize resources—patriotic support, young men who could enlist in the Italian army, goods like wool from Argentina and limes from Brazil, and lots of money—to support Italy in the face of "total war." Yet other portions of these communities simultaneously organized a strident movement against the war, inspired especially by anarchism and revolutionary socialism. Both of these factions sought to extend their influence and ambitions into the immediate postwar period. *On the Other Shore* demonstrates patterns of social cohesion and division within the Italian communities of South America; reconstructs varying transatlantic and inter-American networks of interaction, exchange, and mobility in an "Italian Atlantic"; interrogates how authorities in Italy viewed their South American "colonies"; and uncovers ways that Italians in Latin America balanced and blended relationships and loyalties to their countries of residence and origin. *On the Other Shore's* position at the intersection of Latin American history, Atlantic history, and the histories of World War I and Italian immigration

thereby engages with and informs each of these subject areas in distinctive ways.

**Migrancy and Multilingualism in World Literature** Aug 09 2020 This volume, the third in a series of four on the general issue of Multilingualism in World Literature, is focused upon the relationship between Migrancy and Multilingualism, including its aquatic, terrestrial and globalizing imagery and ideology. The cover picture Wandering Tongues, an iconic translation of the book's title, evokes one of the paradigmatic figures of migrancy and multilingualism: the migrations of the early Mexican peoples and their somatic multi-lingualism as represented in their glyphic scripts and iconography. The volume comprises studies on the literary, linguistic and graphic representation of various kinds of migrancy in significant works of African, American, Asian and European literature, as well as a study on the literary archetype of human errancy, the Homeric Odyssey, mapped along its periplum and metamorphosis in world literature. Ping-hui Liao is Chuan Lyu Endowed Chair Professor and Head of Cultural Studies at the Literature Department of the University of California in San Diego (USA). K. Alfons Knauth is Professor of Romance Philology at the Ruhr-Universitaet Bochum (Germany). The introduction and five of the twelve chapters are in English; the rest are in German, French, Italian, and Spanish. (Series: poethik polyglott, Vol. 3) [Subject: Literature]
