The Honeys Jul 09 2020 From Ryan La Sala, the wildly popular author of *Reverie*, comes a twisted and tantalizing horror novel set amidst the bucolic splendor of a secluded summer retreat. Mars has always been the lesser twin, the shadow to his sister Caroline's radiance. But when Caroline dies under horrific circumstances, Mars is propelled to learn all he can about his once-inseparable sister who'd grown tragically distant. Mars's genderfluidity means he's often excluded from the traditions -- and expectations -- of his politically-connected family. This includes attendance at the prestigious Aspen Conservancy Summer Academy where his sister poured so much of her time. But with his grief still fresh, he insists on attending in her place. What Mars finds is a bucolic fairytale not meant for him. Folksy charm and sun-drenched festivities camouflage old-fashioned gender roles and a toxic preparatory rigor. Mars seeks out his sister's old friends: a group of girls dubbed the Honeys, named for the beehives they maintain behind their cabin. They are beautiful and terrifying -- and Mars is certain they're connected to Caroline's death. But the longer he stays at Aspen, the more the sweet mountain breezes give way to hints of decay. Mars's memories begin to falter, bleached beneath the relentless summer sun. Something is hunting him in broad daylight, toying with his mind. If Mars can't find it soon, it will eat him alive.

I Can Read It All by Myself Jan 15 2021 In the late 1950s, Ted Geisel took on the challenge of creating a book using only 250 unique first-grade words, something that aspiring readers would have both the ability and the desire to read. The result was an unlikely children's classic, *The Cat in the Hat*. But Geisel didn't stop there. Using *The Cat in the Hat* as a template, he teamed with Helen Geisel and Phyllis Cerf to create Beginner Books, a whole new category of readers that combined research-based literacy practices with the logical insanity of Dr. Seuss. The books were an enormous success, giving the world such authors and illustrators as P. D. Eastman, Roy McKie, and Stan and Jan Berenstain, and beloved bestsellers such as *Are You My Mother?*; *Go, Dog. Go!*; *Put Me in the Zoo*; and *Green Eggs and Ham*. The story of Beginner Books—and Ted Geisel's role as “president, policymaker, and editor” of the line for thirty years—has been told briefly in various biographies of Dr. Seuss, but *I Can Read It All by Myself: The Beginner Books Story* presents it in full detail for the first time. Drawn from archival research and dozens of brand-new interviews, *I Can Read It All by Myself* explores the origins, philosophies, and operations of Beginner Books from *The Cat in the Hat* in 1957 to 2019's *A Skunk in My Bunk*, and reveals the often-fascinating lives of the writers and illustrators who created them.

But when he gets a stomachache and has a bad dream, P.J. Funnybunny realizes that--while it's fun to be a pig--it's better being a bunny! This new tale of self-discovery is the perfect Easter treat for beginning readers and bunny fans of all ages!

Butter Honey Pig Bread Feb 02 2020 Finalist, Lambda Literary Award, Governor General's Literary Award, and Amazon Canada First Novel Award; Longlisted for the Scotiabank Giller Prize Spanning three continents, *Butter Honey Pig Bread* tells the interconnected stories of three Nigerian women: Kambirinachi and her twin daughters, Kehinde and Taiye. Kambirinachi believes that she is an Ogbanje, or an Abiku, a non-human spirit that plagues a family with misfortune by being born and then dying in childhood to cause a human mother misery. She has made the unnatural choice of staying alive to love her human family but lives in fear of the consequences of her decision. Kambirinachi and her two daughters become estranged from one another because of a trauma that Kehinde experiences in childhood, which leads her to move away and cut off all contact. She ultimately finds her path as an artist and seeks to raise a family of her own, despite her fear that she won't be a good mother. Meanwhile, Taiye is plagued by guilt for what her sister suffered and also runs away, attempting to fill the void of that lost relationship with casual flings with women. She eventually discovers a way out of her stifling loneliness through a passion for food and cooking. But now, after more than a decade of living apart, Taiye and Kehinde have returned home to Lagos. It is here that the three women must face each other and address the wounds of the past if they are to reconcile and move forward. For readers of African diasporic authors such as Teju Cole and Chimamanda Ngozi Adichie, *Butter Honey Pig Bread* is a story of choices and their consequences, of motherhood, of the malleable line between the spirit and the mind, of finding new homes and mending old ones, of voracious appetites, of queer love, of friendship, faith, and above all, family.
