Language in Uniform Mar 04 2020 Language education and training are an important part of life for some men and women in uniform. Around the globe, police and military personnel are faced with language challenges in their domestic security duties, including interaction with overseas tourists and community members who speak any number of languages. They are also often called upon to manage international roles that require an understanding of languages other than their own, including participating in international policing initiatives and military deployments. **Language in Uniform: Language Analysis and Training for Defence and Policing Purposes** brings together a collection of papers that reflect the diverse work being done in the often overlooked Language for Specific Purposes (LSP) fields of defence, security and policing. As language learning is increasingly becoming an integral part of life in uniform, this volume extends the theoretical and practical understanding of LSP and acknowledges the ground-breaking work that has been and continues to be done with this approach in language teaching and assessment for defence, security and law enforcement purposes.

Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. Paper P6, Advanced Taxation, requires you to extend the core tax knowledge that you learnt for Paper F6. As well as widening your knowledge of the core taxes, you will need to study inheritance tax, stamp taxes and trusts for the first time. In this paper you will also be expected to comment on ethical issues. In Paper P6 all of the questions set will be scenario type questions as opposed to the purely computational questions that you met at Paper F6. The emphasis of the questions will be on the interpretation of a given situation. You may need to propose alternative strategies and compare and contrast the results. Marks will be specifically awarded in the examination for the demonstration of effective communication skills. You will also need to demonstrate that you are aware that there may be non-tax matters that should be taken into account. The important point about this paper is that you need to develop your application skills. The best way to do this is to practise as many exam standard questions as possible. BPP Learning Media's P6 FA2008 Practice and Revision kit allows you to do just this. The Practice and Revision kit is new and has been specifically written for this paper. Most of our questions are exam standard, although some are preparation questions which ease you into the topic you are studying. Questions are grouped into topic areas so that you can easily identify those that cover particular areas. Our detailed solutions often provide top tips
