

*The Ethic of Traditional Communities and the Spirit of Healing Justice* Aug 29 2019 What is healing justice? Who practices it? What does it look like? In this groundbreaking international comparative study on healing justice, Jarem Sawatsky examines traditional communities including Hollow Water - an Aboriginal and Métis community in Canada renowned for their holistic healing work in the face of 80 per cent sexual abuse rates; the Iona Community - a dispersed Christian ecumenical community in Scotland known for their work towards peace, healing and social justice, rebuilding of community and the renewal of worship; and Plum Village - a Vietnamese initiated Buddhist community in southern France, and home to Nobel Peace Prize nominated author, Thich Nhat Hanh. These case studies record a search for the kind of social, structural, and spiritual relationships necessary to sustain a healing view of justice. Through comparing cases, Sawatsky identifies the common patterns, themes, and imagination which these communities share. These commonalities among those that practice healing justice are then examined for their implications for wider society, particularly for restorative justice and criminal justice. This innovative book is accessible to those new to the topic, while at the same time being beneficial to experienced researchers, and will appeal internationally to practitioners, students, and anyone interested in restorative justice, law, peace building, and religious studies.

**The Apocryphal Books** Jun 27 2019

**God and Evil** Nov 12 2020 Herbert McCabe was one of the most original and creative theologians of recent years. Continuum has published numerous volumes of unpublished typescripts left behind by him following his untimely death in 2001. This book is the sixth to appear. McCabe was deeply immersed in the philosophical theology of St Thomas Aquinas and was responsible in part for the notable revival of interest in the thought of Aquinas in our time. Here he tackles the problem of evil by focusing and commenting on what Aquinas said about it. What should we mean by words such as 'good', 'bad', 'being', 'cause', 'creation', and 'God'? These are McCabe's main questions. In seeking to answer them he demonstrates why it cannot be shown that evil disproves God's existence. He also explains how we can rightly think of evil in a world made by God. McCabe's approach to God and evil is refreshingly unconventional given much that has been said about it of late. Yet it is also very traditional. It will interest and inform anyone seriously interested in the topic.

**The Compassionate Instinct: The Science of Human Goodness** Sep 22 2021 Leading scientists and science writers reflect on the life-changing, perspective-changing, new science of human goodness. In these pages you will hear from Steven Pinker, who asks, “Why is there peace?”; Robert Sapolsky, who examines violence among primates; Paul Ekman, who talks with the Dalai Lama about global compassion; Daniel Goleman, who proposes “constructive anger”; and many others. Led by renowned psychologist Dacher Keltner, the Greater Good Science Center, based at the University of California in Berkeley, has been at the forefront of the positive psychology movement, making discoveries about how and why people do good. Four times a year the center publishes its findings with essays on forgiveness, moral inspiration, and everyday ethics in Greater Good magazine. The best of these writings are collected here for the first time. A collection of personal stories and empirical research, The Compassionate Instinct will make you think not only about what it means to be happy and fulfilled but also about what it means to lead an ethical and compassionate life.

Humble Roots Aug 22 2021 Feeling worn thin? Come find rest. The Blue Ridge Parkway meanders through miles of rolling Virginia mountains. It’s a route made famous by natural beauty and the simple rhythms of rural life. And it’s in this setting that Hannah Anderson began her exploration of what it means to pursue a life of peace and humility. Fighting back her own sense of restlessness and anxiety, she finds herself immersed in the world outside, discovering a classroom full of forsythia, milkweed, and a failed herb garden. Lessons about soil preparation, sour mulch, and grapevine blights reveal the truth about our dependence on God, finding rest, and fighting discontentment. Humble Roots is part theology of incarnation and part stroll through the fields and forest. Anchored in the teaching of Jesus, Anderson explores how cultivating humility—not scheduling, strict boundaries, or increased productivity—leads to peace. “Come unto me, all who labor and are heavy laden,” Jesus invites us, “and you will find rest for your souls.” So come. Learn humility from the lilies of the field and from the One who is humility Himself. Remember who you are and Who you are not, and rediscover the rest that comes from belonging to Him.

Kuan-yin Mar 29 2022 By far one of the most important objects of worship in the Buddhist traditions, the bodhisattva Avalokitesvara is regarded as the embodiment of compassion. He has been widely revered throughout the Buddhist countries of Asia since the early centuries of the Common Era. While he was closely identified with the royalty in South and Southeast Asia, and the Tibetans continue to this day to view the Dalai Lamas as his incarnations, in China he became a she—Kuan-yin, the "Goddess of Mercy"—and has a very different history. The causes and processes of this metamorphosis have perplexed Buddhist scholars for centuries. In this groundbreaking, comprehensive study, Chün-fang Yü discusses this dramatic transformation of the (male) Indian bodhisattva Avalokitesvara into the (female) Chinese Kuan-yin—from a relatively minor figure in the Buddha's retinue to a universal savior and one of the most popular deities in Chinese religion. Focusing on the various media through which the feminine Kuan-yin became constructed and domesticated in China, Yü thoroughly examines Buddhist scriptures, miracle stories, pilgrimages, popular literature, and monastic and local gazetteers—as well as the changing iconography reflected in Kuan-yin's images and artistic representations—to determine the role this material played in this amazing transformation. The book eloquently depicts the domestication of Kuan-yin as a case study of the indigenization of Buddhism in China and illuminates the ways this beloved deity has affected the lives of all Chinese people down the ages.

**The Flower Ornament Scripture** Sep 03 2022 A Buddhist text discusses the ten stages of enlightenment, the universal good, the qualities of the Buddha, and detachment from the world

**The Obedience of a Christian Man** Nov 24 2021 One of the key foundation books of the English Reformation, The Obedience of a Christian Man (1528) makes a radical challenge to the established order of the all-powerful Church of its time. Himself a priest, Tyndale boldly claims that there is just one social structure created by God to which all must be obedient, without the intervention of the rule of the Pope. He argues that Christians cannot be saved simply by performing ceremonies or by hearing the Scriptures in Latin, which most could not understand, and that all should have access to the Bible in their own language - an idea that was then both bold and dangerous. Powerful in thought and theological learning, this is a landmark in religious and political thinking.

A Guide to the Bodhisattva's Way of Life of Shantideva Dec 14 2020 One Of The Foremost Texts Of The Mahayana Tradition.

**The Roots of Christian Mysticism** Feb 13 2021 Some books on mysticism offer New Age syncretism. Others propose simplistic methods of producing spiritual experiences. Still others deconstruct religious experience. The Roots of Christian Mysticism by Oliver Clement, however, avoids these pitfalls. Clement presents the mysticism of the early fathers themselves, from whose writings he offers exceptionally rich selections that are not readily available. In so doing, he introduces the reader to Christian mysticism through the words of those who were “drunk with God,” but whose religious experience was firmly rooted in Christ. Most importantly, given the modern propensity for bogus spirituality, Clement shows the indissoluble unity between mysticism and doctrine. The Fathers speak doctrine in voices radiant with the dark vision of God and their doctrine is both the fruit of prayer and the form of spirituality. From this perspective, the Church’s teachings about God, Christ, Church, Sacrament and Christian vocation become the objects of contemplation and the personal quest for God finds its way within, not apart from the Church, ecclesia. Christian mysticism, therefore, always occurs within the womb of the Church, particularly within the locus of the liturgy and thus, is prevented at the outset from becoming merely a freewheeling and self-authenticating form of emotional exuberance. Mysticism, thus firmly rooted, is considered the normal spiritual life of all Christians. All the faithful are called to realize fully the grace of their baptism, that is, to fulfill their humanity by being divinized through grace. These words might be disconcerting or raise the specter of “enthusiasm,” but some proper understanding of this calling, however embryonic, is indispensable to spiritual growth, to the life of the Church and to the transformation of culture. Why, for example, when so many Americans claim to be Christian does their faith have so little impact on our culture? Or why are the Church’s moral teachings found to be so excessively burdensome? Perhaps Christians have seldom been directed toward a spirituality that would open them to a fuller vision of their true destiny in Christ. A recent classroom experience illustrates the point. A young Christian father of two vigorously proposed many practical reasons for using contraception. His understanding of fatherhood operated on a purely naturalistic level; his concern to provide for his children likewise revolved around material goods. But once he glimpsed the ultimate destiny in Christ to which he and his children were called, he saw his fatherhood as a participation in a sacred mission and trust. Only then did the Church’s teaching and the sacrifices it entails make sense enough to follow. Such illumination is an essential component in the birth of mystical life from which, for the fathers, the moral life flows. To use Clement’s terms, “only when the beauty-goodness of the truth captures the spirit-heart is the person able to engage in Christian praxis and to make the sacrifices necessary not merely to be good but to be transformed into Christ.” This transformation entails strenuous spiritual combat with a fallen human nature that the Fathers understand with exquisite perception. But even here the patristic thrust is basically positive, an attraction to the beauty and goodness of God that calls forth virtue, rather than an emphasis on the direct destruction of sin. Clement aptly describes asceticism as “an awakening from the sleep-walking of daily life. It enables the Word to clear the silt away in the depth of the soul, freeing the spring of living waters.... It is the Word who acts but we have to co-operate with him, not so much by exertion of will-power as by loving attentiveness.” Although spiritual growth naturally encompasses the activities of prayer, fasting and so forth. Clement never discusses this apart from Christ and Trinity. Salvation is not achieved through Pelagian self-development but in Christ and through his Church. The Fathers’ theological center prevents their mysticism from collapsing into self-centered or naturalistic forms. The beauty that attracts is never separated from her sisters truth and goodness. The Roots of Christian Mysticism needs to be read by Christians seeking spiritual depth and by anyone wanting to taste doctrine as a living word. It is an excellent introduction to patristic thought and offers not only extensive selections of their writings but an appendix of about seventy pages of biographical material. Only one criticism of the book is offered: references to modern writers need to be noted so the reader can pursue them. Otherwise, this book is a gem. Jerrilyn Szelle Crisis April, 1996

**Dr. Pereira's Elements of Materia Medica and Therapeutics** May 07 2020

Evolution, Games, and God Jan 15 2021 Evolution, Games, and God explores how cooperation and altruism, alongside mutation and natural selection, play a critical role in evolution, from microbes to human societies. Inheriting a tendency to cooperate and self-sacrifice on behalf of others may be as beneficial to a population’s survival as the self-preserving instincts of individuals.

*The speaking dead: or, Select extracts from the writings of the reformers and martyrs, by B.B. Bockett* Apr 29 2022

Classics of Buddhism and Zen: The Sutra of Hui-neng, dream conversations, Kensho: the heart of Zen, rational Zen, Zen and the art of insight Aug 02 2022

**The Four Books** Sep 30 2019 In this engaging volume, Daniel Gardner explains the way in which the Four Books--Great Learning, Analects, Mencius, and Maintaining Perfect Balance--have been read and understood by the Chinese since the twelfth century. Selected passages in translation are accompanied by Gardner's comments, which incorporate selections from the commentary and interpretation of the renowned Neo-Confucian thinker, Zhu Xi (1130-1200). This study provides an ideal introduction to the basic texts in the Confucian tradition from the twelfth through the twentieth centuries. It guides the reader through Zhu Xi's influential interpretation of the Four Books, showing how Zhu, through the genre of commentary, gave new coherence and meaning to these foundational texts. Since the Four Books with Zhu Xi's commentary served as the basic textbook for Chinese schooling and the civil service examinations for more than seven hundred years, this book illustrates as well the nature of the standard Chinese educational curriculum.

*Goodness on Deposit: The Ginormous Tiny Idea* Oct 24 2021 "Goodness on Deposit - The Ginormous Tiny Idea" is the first in a series of books which promote a child's awareness of other's needs and demonstrates practical ways for children to make a difference in the life of a friend, neighbor or family member. It is a sweet interactive story which teaches children, through M.T.'s journey, to identify acts of kindness that need doing and record them in their Goodness on Deposit bankbook which is outlined in the book. M.T., our 8 year old main character very much admires his mother because she is kind and loving to others and possesses what he believes to be a "heart of gold". A small seed of an idea begins to percolate in M.T.'s head. He has a vision where he, along with his buddies, would open up a Goodness on Deposit Bank where children like himself would deposit their good deeds until they reach a balance which would earn them a heart of gold.

*The Roots of Goodness and Resistance to Evil* Nov 05 2022 He explores the range of experiences that lead to active bystandership, including socialization by parents, teachers (and peers) in childhood, education, experiential learning, and public education through media. He examines what personal characteristics or dispositions result from such experiences, which in turn lead to caring and helping. Staub also considers how circumstances influence people--both individuals and whole groups--and how they join with personal dispositions to determine whether people remain passive in the face of others' need or instead help others and behave in morally courageous or even heroic ways. He considers how moral and caring values can be subverted by circumstances, and outlines ways to resist that possibility.

The Goodness of Potatoes and Other Root Vegetables Oct 31 2019 Outlines the nutritional benefits of potatoes and other root vegetables and offers thirty recipes from cultures around the world featuring potatoes, carrots, turnips, and beets

The Platform Sutra Oct 12 2020 A Zen Buddhist masterpiece, winner of the 2018 Thornton Wilder Prize for Translation. The Platform Sutra occupies a central place in Zen (Ch’an) Buddhist instruction for students and spiritual seekers worldwide. It is often linked with The Heart Sutra and The Diamond Sutra to form a trio of texts that have been revered and studied for centuries. However, unlike the other sutras, which transcribe the teachings of the Buddha himself, The Platform Sutra presents the autobiography of Hui-neng, the controversial 6th Patriarch of Zen, and his understanding of the fundamentals of a spiritual and practical life. Hui-neng’s instruction still matters—the 7th-century school of Sudden Awakening that he founded survives today, continuing to influence the Rinzai and Soto schools of contemporary Zen. Red Pine, whose translations of The Heart Sutra and The Diamond Sutra have been celebrated and widely received, now provides a sensitive and assured treatment of the third and final sutra of the classic triumvirate. He adds remarkable commentary to a translation that, combined with the full Chinese text, a glossary, and notes, results in a Mahayana masterpiece sure to become the standard edition for students and seekers alike.
