Also, we are thankful to all the authors who submitted papers, because of which the conference became a story of success.

[Dynamics of Industrial Revolution 4.0: Digital Technology Transformation and Cultural Evolution](#) Aug 09 2020 The 7th Bandung Creative Movement conference presented the theme "Dynamics of Industrial Revolution 4.0" which discussed how the digital world and connectivity changed human culture in various aspects of life, and transformed in accordance to human needs and social culture. Digital technology has transformed society to serve people from manufacturing needs to smart cities, from network connectivity to people connectivity. The application of information technology has helped in improving live quality and environmental sustainability. Digital transformation is revolutionizing how businesses and workers interconnect to be more productive and efficient. The result is improved collaboration, faster processes and time-to-market, lower costs and better products. Devices are getting smarter, meaning they are able to perform more and more tasks without human intervention; moreover, these devices generate data that provide insights to further improve processes and gain greater efficiencies. Moreover, with the Internet of Things (IoT), all these smart devices are interconnected in ways that not only help make them even smarter, but also enhances the intelligence of the overall system. Digital technology is a formidable driver for the transformation of a highly carbon-dependent world into one that is more ecologically 'smart.' We are entering a new era of environmental innovation that is driving better alignment between technology and environmental goals. Since its first announcement in 2011, industrial revolution 4.0 has dynamically changed and transformed to adjust itself to the human needs and to serve more efficiency and effectiveness of everyday life as well as environmental enhancement. The 7th Bandung Creative Movement has brought forward discussions on dynamic changes, ups and downs, innovations, relations of industrial revolution of the internet of thing, data, automation, to human physical world, new art and aesthetic, business, product innovation, built environment, and education.

ICBLP 2019 Apr 16 2021 We are delighted to introduce the proceedings of the First edition of the 2019

European Alliance for Innovation (EAI) The International conference on business, law, and pedagogy (ICBLP 2019). The International conference on business, law, and pedagogy accepts the papers in the three thematic areas with multiple research approaches and methodologies. The conference provides a platform for wide-ranging issues, which captures contemporary developments in business, law and pedagogy within which a wide range of networking opportunities can be nurtured for the advancement of future research and global collaboration. This approach is now vital in research endeavours as business, law and pedagogy practices are increasingly prone to an era of cross-fertilization through meaningful multi-disciplinary collaborations. We strongly believe that ICBLP conference provides a good forum for all researcher, developers and practitioners to discuss all science and technology aspects that are relevant to smart grids. We also expect that the future ICBLP 2019 conference will be as successful and stimulating, as indicated by the contributions presented in this volume.

ICSSD 2020 Sep 29 2019 The theme of the conference is "Reconstructing Morals, Education, and Social Sciences for Achieving Sustainable Development Goals". This theme was formulated due to several considerations. First, the symptoms of moral decline that have the potential to destroy the nation. Morals guide humanity towards truth and civilization. The phenomenon of the dehumanization process in the industrial era that pushed people to be part of abstract societies tends to ignore humanity. The education process as a humanitarian system is increasingly marginalized, especially during discussions about the industrial revolution 4.0 and Society 5.0. The conference placed six sub-themes for speakers and participants to share ideas, namely: Social Sciences and Laws, History and Cultural Studies, Interdisciplinary Studies, Morals and Humanities, Policy, Politics, and Communication, Education. The committee has received 195 abstracts from prospective speakers. However, there are only 80 abstracts that are eligible to be presented at this conference.

IMPLEMENTASI PENDIDIKAN KARAKTER PADA SISWA MADRASAH ALIYAH NEGERI 1 BOYOLALI Nov 11 2020 Ada indikasi kuat mengenai hilangnya nilai-nilai luhur yang melekat pada bangsa kita, seperti kejujuran, kesantunan, dan kebersamaan, cukup menjadikan keprihatinan kita bersama. Harus ada usaha untuk menjadikan nilai-nilai itu kembali menjadi karakter yang kita banggakan dihadapan bangsa lain. Salah satu upaya ke arah itu adalah memperbaiki sistem pendidikan kita harus menitikberatkan pada pendidikan karakter yang berlandaskan falsafah bangsa Indonesia yaitu Pancasila. Membangun karakter bangsa membutuhkan waktu yang lama dan harus dilakukan secara berkesinambungan. Pemerintah kita, yang diwakili oleh Kementerian Pendidikan Nasional tiada henti-hentinya melakukan upaya-upaya untuk perbaikan kualitas pendidikan di Indonesia, namun belum semuanya berhasil, terutama menghasilkan insan Indonesia yang berkarakter. Salah satu upaya untuk mewujudkan pendidikan yang seperti di atas, para peserta didik (siswa dan mahasiswa) harus dibekali dengan pendidikan khusus yang membawa misi pokok dalam pembinaan karakter/akhlaq mulia. Arah dan tujuan pendidikan nasional kita, seperti diamanatkan oleh UUD 1945, adalah peningkatan iman dan takwa serta pembinaan akhlak mulia para peserta didik yang dalam hal ini adalah seluruh warga negara yang mengikuti proses pendidikan di Indonesia. Karena itu, pendidikan yang membangun nilai-nilai moral atau karakter dikalangan peserta didik harus selalu mendapatkan perhatian. Pendidikan karakter dari kanak-kanak (TK-Mahasiswa) merupakan wadah yang sangat penting untuk mempersiapkan sejak dini para generasi penerus yang nantinya akan menjadi pemimpin bangsa kita di masa datang. Penyelenggaraan pendidikan di suatu sekolah dimaksudkan untuk menghasilkan lulusan yang memiliki karakter, kecakapan, keterampilan, dan pengetahuan yang memadai untuk mengembangkan potensi diri secara optimal, sehingga lulusan memiliki ketahanan dan keberhasilan dalam pendidikan lanjutan, serta kehidupan yang selalu berubah sesuai dengan perkembangan zaman. Sehingga apabila pendidik salah dalam penanganannya maka output yang dihasilkan tidak sesuai dengan tujuan pendidikan nasional. Salah satu lembaga pendidikan yang menerapkan pendidikan karakter siswa adalah MAN I Boyolali. Selain unggul dalam hal karakter, MAN I Boyolali juga unggul dalam bidang akademik. Terbukti dengan banyak piala penghargaan dan kejuaraan yang telah diraih siswa-siswi serta guru-gurunya. Lembaga pendidikan tersebut banyak diincar masyarakat untuk dapat menyekolahkan anaknya. Bukan hanya masyarakat Boyolali saja yang menimba ilmu di sana, akan tetapi juga daerah-daerah lain sekitarnya termasuk dari luar wilayah Boyolali, seperti Kabupaten Semarang, Klaten, dan Sukoharjo

The conference accommodates topics for linguistics in general including issues in language, literature, local cultural studies, philology, folklore, oral literature, history, art, education, etc. Selecting and reviewing process for the The International Seminar On Recent Language, Literature, And Local Culture Studies "Kajian Mutakhir Bahasa, Sastra, dan Budaya Daerah" was very challenging in that it needs a goodwill of those who were involved in such a process. More than ten experts were invited in reviewing, giving suggestions for revision and at last selecting the papers. On that account, we would like to forward our appreciation and our gratefulness to such invited experts for having done the process. The committee received more than 180 papers from the participants and based on the results of the review, only 141 papers were declared fit to be presented at the seminar and subsequently published in the proceedings of BASA#3-2019 Papers in the proceeding are expected to give academic benefits, especially in broadening the horizon of our understanding in language, literature, and local culture studies. We realize that what we are presenting for the publication is till far for being perfect. Constructive criticism is very much welcome for improvement. Finally, the committees thank for the participation and congratulate for the publication of the papers in the proceedings of BASA#3-2019. The committees also thank all those who have supported and actively participated for the success of this event. Hopefully these Proceedings can be used as references in developing technology and improving learning activities in the fields of education, social, arts and humanities.

The conference publishes original research from throughout the world dealing with education, social sciences, and environmental science. The editorial team makes every effort to cut the review and, when necessary, revision time periods as short as possible in order to help the research community publish and disseminate their works quickly. These efforts, however, depend heavily on authors' compliance with ethical rules and the journal's guidelines before submitting their works. Also, the voluntary reviewers from around the world with expertise in specific fields devote their precious time in order to provide quality feedback to authors. Yet, their time dedicated to improve the authors' articles is not unlimited. Often they appropriate from their personal times to do this voluntary work.

21st Century Innovation in Music Education Jun 26 2019 Music is an expression of feelings of the soul conveyed through the medium of sound. But not all sounds are music. It might be said that only an organized sound or series of sounds can be called music. Thus, music is connected to the eternal and constant flow and order of the universe, to the laws and rhythms of nature. It can also be said that musical order is comparable to the natural order of the universe. There are laws of a certain nature in the natural sciences and likewise in music there are structures and procedures, or even rules, that should be followed to produce beautiful music. The International Conference "Innovations for 21st Century Music Education and Research" provided a timely opportunity to take stock of the latest developments in music education and brought together educators, researchers and members of the broader community in a welcoming forum in which they were able to express theoretical and practical views, concepts, research results and principles to help support the further development of music education.
