*Designers Abroad: Inside the Vacation Homes of Top Decorators* Oct 12 2020 Designers Abroad, Michele Keith's follow-up to her highly successful book Designers Here and There, features twenty-two vacation homes of today's top interior designers, exquisitely captured in over 200 lush color photographs. For some, vacation homes offer an opportunity to escape from the office, to shut off, to wind down. For decorators, however, vacation homes mean just the opposite—they provide the opportunity to bring work home as they roam the globe, honing their design sensibilities and expanding collections of treasures. Designers Abroad takes the reader on a tour of the world, from Sri Lanka to South Africa to Sweden, by peeking into the gorgeously appointed homes of renowned interior designers. In lively and dynamic text, Michele Keith explores how they incorporate the distinct and native character a foreign land into their second homes, all the while expressing personal style. Embracing new cultures' climates, architectural traditions, and indigenous art, fabrics, and furniture, each designer creates a space at once comfortable and glamorous, a place of solace and inspiration. Designers Abroad offers inside peeks into residences ranging from a chic studio in Paris to a house perched on windswept cliffs in Nova Scotia, from a beachside abode nestled among boulders in Cabo San Lucas, Mexico, to a former monastery outside Rome dating back to the fifteenth century. Each project is accompanied by the story of how its design was conceived and executed, and how the attributes of each country inspired its owners—including Lars Bolander, Alessandra Branca, Clodagh, Timothy Corrigan, Mica Ertegun, Fisher Weisman, Juan Pablo Molyneux, Juan Montoya, and Cortney and Robert Novogratz, among others. Designers Abroad demonstrates how these designers incorporate their passion for travel into their own interiors, and thus inspires readers to add a touch of the exotic to their own homes.

*Assassination Vacation* Jul 09 2020 New York Times bestselling author of *The Wordy Shipmates* and contributor to NPR's *This American Life* Sarah Vowell embarks on a road trip to sites of political violence, from Washington DC to Alaska, to better understand our nation's ever-evolving political system and history. Sarah Vowell exposes the glorious conundrums of American history and culture with wit, probity, and an irreverent sense of humor. With *Assassination Vacation*, she takes us on a road trip like no other—a journey to the pit stops of American political murder and through the myriad ways they have been used for fun and profit, for political and cultural advantage. From Buffalo to Alaska, Washington to the Dry Tortugas, Vowell visits locations immortalized and influenced by the spilling of politically important blood, reporting as she goes with her trademark blend of wisecracking humor, remarkable honesty, and thought-provoking criticism. We learn about the jinx that was Robert Todd Lincoln (present at the assassinations of Presidents Lincoln, Garfield, and McKinley) and witness the politicking that went into the making of the Lincoln Memorial. The resulting narrative is much more than an entertaining and informative travelogue—it is the disturbing and fascinating story of how American death has been manipulated by popular culture, including literature, architecture, sculpture, and—the author's favorite—historical tourism. Though the themes of loss and violence are explored and we make detours to see how the Republican Party became the Republican Party, there are all kinds of lighter diversions along the way into the lives of the three presidents and their assassins, including mummies, show tunes, mean-spirited totem poles, and a nineteenth-century biblical sex cult.
