The Ultimate History of Video Games, Volume 2 Mar 05 2020 The definitive behind-the-scenes history of video games' explosion into the twenty-first century and the war for industry power "A zippy read through a truly deep research job. You won't want to put this one down."—Eddie Adlum, publisher, RePlay Magazine As video games evolve, only the fittest companies survive. Making a blockbuster once cost millions of dollars; now it can cost hundreds of millions, but with a \$160 billion market worldwide, the biggest players are willing to bet the bank. Steven L. Kent has been playing video games since Pong and writing about the industry since the Nintendo Entertainment System. In volume 1 of The Ultimate History of Video Games, he chronicled the industry's first thirty years. In volume 2, he narrates gaming's entrance into the twenty-first century, as Nintendo, Sega, Sony, and Microsoft battle to capture the global market. The home console boom of the '90s turned hobby companies like Nintendo and Sega into Hollywood-studio-sized business titans. But by the end of the decade, they would face new, more powerful competitors. In boardrooms on both sides of the Pacific, engineers and executives began, with enormous budgets and total secrecy, to plan the next evolution of home consoles. The PlayStation 2, Nintendo GameCube, and Sega Dreamcast all made radically different bets on what gamers would want. And then, to the shock of the world, Bill Gates announced the development of the one console to beat them all—even if Microsoft had to burn a few billion dollars to do it. In this book, you will learn about • the cutthroat environment at Microsoft as rival teams created console systems • the day the head of Sega of America told the creator of Sonic the Hedgehog to "f\*\*k off" • how "lateral thinking with withered technology" put Nintendo back on top • and much more! Gripping and comprehensive, The Ultimate History of Video Games: Volume 2 explores the origins of modern consoles and of the franchises—from Grand Theft Auto and Halo to Call of Duty and Guitar Hero—that would define gaming in the new millennium.

The second book in the "Chronicles of the Host Series", Unholy Empire uncovers the major themes covering the Seed and the people of covenant as well as Lucifer's all-out war against them. Lady Joker, Volume 1 May 07 2020 One of Japan's great modern masters, Kaoru Takamura, makes her English-language debut with this two-volume publication of her magnum opus. Tokyo, 1995. Five men meet at the racetrack every Sunday to bet on horses. They have little in common except a deep disaffection with their lives, but together they represent the social struggles and griefs of post-War Japan: a poorly socialized genius stuck working as a welder; a demoted detective with a chip on his shoulder; a Zainichi Korean banker sick of being ostracized for his race; a struggling single dad of a teenage girl with Down syndrome. The fifth

man bringing them all together is an elderly drugstore owner grieving his grandson, who has died suspiciously after the revelation of a family connection with the segregated buraku community, historically subjected to severe discrimination. Intent on revenge against a society that values corporate behemoths more than human life, the five conspirators decide to carry out a heist: kidnap the CEO of Japan's largest beer conglomerate and extract blood money from the company's corrupt financiers. Inspired by the unsolved true-crime kidnapping case perpetrated by "the Monster with 21 Faces," *Lady Joker* has become a cultural touchstone since its 1997 publication, acknowledged as the magnum opus by one of Japan's literary masters, twice adapted for film and TV and often taught in high school and college classrooms.

It Starts with Us Jun 27 2019 Before *It Ends with Us*, it started with *Atlas*. Colleen Hoover tells fan favorite *Atlas*'s side of the story and shares what comes next in this long-anticipated sequel to the "glorious and touching" (USA TODAY) #1 New York Times bestseller *It Ends with Us*. Lily and her ex-husband, Ryle, have just settled into a civil coparenting rhythm when she suddenly bumps into her first love, *Atlas*, again. After nearly two years separated, she is elated

that for once, time is on their side, and she immediately says yes when Atlas asks her on a date. But her excitement is quickly hampered by the knowledge that, though they are no longer married, Ryle is still very much a part of her life—and Atlas Corrigan is the one man he will hate being in his ex-wife and daughter's life. Switching between the perspectives of Lily and Atlas, *It Starts with Us* picks up right where the epilogue for the “gripping, pulse-pounding” (Sarah Pekkanen, author of *Perfect Neighbors*) bestselling phenomenon *It Ends with Us* left off. Revealing more about Atlas's past and following Lily as she embraces a second chance at true love while navigating a jealous ex-husband, it proves that “no one delivers an emotional read like Colleen Hoover” (Anna Todd, *New York Times* bestselling author).
